### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Frame (Reg. No. 47,232) on March 28, 2007.

### **IN THE CLAIMS**

Please amend claim 23 as follows:

23. (Currently Amended) Logic for presence-based management in a communication network, the logic embedded in a network device and when executed operable to:

using IM, discover one or more network devices in a communication network, the network devices coupling two or more endpoints to each other and enabling communication between a first one of the endpoints and one or more second ones of the endpoints;

using IM, obtain presence information on the discovered network devices from the discovered network devices; and

using the presence information on the discovered network devices from the discovered network devices, maintain presence data associated with the discovered network devices, wherein an authorized user at an endpoint is able, using IM, to instruct one or more discovered network devices to perform one or more particular tasks, the presence server providing a rendezvous service enabling one or more users to remotely locate and manage one or more of the
